

PROJECT AWARE
Revealing Secrets of Project

Project Topic List

Artificial Intelligence (AI) / Machine Learning (ML)
/ Deep Learning (DL) / Image Processing (IP) /
Data Science (DS) / Data Mining (DM) / Web App

No	Topic	Technology
1.	<i>Smart CT Scan Image based Corona Detection System</i>	DL / ML / IP
2.	<i>Smart Traffic Management System & Ambulance Detection System using Deep Learning</i>	DL/ML/IP
3.	<i>Smart QR code based E Ration System</i>	Web App
4.	<i>ML based ECG Analysis and Monitoring system</i>	IOT / Web / ML
5.	<i>Real time College Enquiry Chat bot System using Deep Learning</i>	Web / DL
6.	<i>Devnagri Hindi Character Recognition Web App</i>	DL / Web
7.	<i>Smart Question Paper Generator System using</i>	Web / ML

	Machine Learning	
8.	Quora Like Website	Web
9.	Smart IOT based Waste Classification & Management System	Web / IOT / APP / ML
10.	Smart Stenography Website (Image/Video/Audio based encryption)	ML / Web
11.	Smart Surveillance Detection System using DL	DL
12.	Emergency Vehicle Detection using Image Processing	DL / IP
13.	Employee Performance Analysis on performance data and algorithm cross comparison	ML
14.	Movie-Success-Prediction using ML	ML
15.	Solor_Panel_Calculator and Prediction	ML
16.	Waste-Classification using Deep Learning	DL
17.	Ultron Voice Assistant using ML	DL
18.	Age & Gender & Emotion Detector using DL	DL
19.	Blur Image Filtering System using Image Processing	ML

20.	IOT based Face Identification System using Deep Learning	ML / IOT
21.	Instagram Fake Account System using Machine Learning	ML
22.	Resume parser and smart HR Recruitment system ML	ML
23.	Smart approach for E commerce product recommendation using price compression_and_sentimental_analysis using Machine Learning	ML
24.	Weather Prediction using Machine Learning	ML
25.	Full Health Checkup system using Machine Learning (Fetal Health Prediction, Cancer Prediction, Heart Disease Prediction ,Diabetes Prediction)	ML
26.	Automated-Resume-Screening-System and selection system (Resume Parser) Using ML	ML

27.	Traffic Rule Violation Detection System and Alert System	DL
28.	CT scan Image based Brain Tumor Prediction	DL
29.	Covid_Cases_Prediction	DL
30.	Virtual Computer-Vision based Weightlifting-Coach using Deep Learning Student_Performance_Prediction using ML (Virtual Gym Coach)	DL
31.	Smart Plagiarism Detection & college assignments copyright prediction using ML	ML
32.	Segmentation-of-Teeth-in-Panoramic-X-ray-Image -Using-U-Net	DL
33.	Job-recommendation-by-skill-match using ML	ML
34.	Image based Search Engine using DL	DL
35.	Indian Dataset Product Recommendation and E commerce Web app	DL
36.	Smart Object Detection	ML / IP
37.	Diabetes Prediction	DS / ML

38.	URL fraud Detection	DS / ML
39.	Face mask detection System	ML / IP
40.	Fake News Detection System	DS / ML
41.	Kidney Daises Prediction	DS / ML
42.	Plant leaf Daises prediction	DS / ML
43.	Gender recognition from voice	AI / ML
44.	Credit Card Fraud Detection	DS / ML
45.	Sentimental analysis on Review	DS / ML
46.	Spam SMS detection using ML	DS / ML
47.	Car Plate Recognition System	ML / IP
48.	Licence Plate Recognition System	ML / IP
49.	The Virtual Voice Assistant	AI / ML
50.	College Enquiry Bot using AI	DS / ML
51.	Health Care Chat Bot System using AI	AI / DS / ML
52.	Automatic Facebook Reply Bot using AI	AI / DS / ML
53.	Automatic WhatsApp Reply Bot using AI	AI / DS / ML
54.	Satellite Imagery Feature Detection	DS / ML
55.	Human Activity Recognition Using cnn	ML / IP

56.	Automatic Number Plate Recognition	ML / IP
57	Emotion Based Music Player System	ML / IP
58	Fake or Real Job Prediction using NLP	DS / ML
59	Face Detection & Identification System	ML / IP
60	Sentimental Analysis for Facial Expression	ML / IP
61	Real-Time Object Detection using Tensorflow	ML / IP
62	Prediction of thyroid Disease Using Data Mining	DS / ML
63	Cancer prediction using KNN algorithm	DS / ML
64	Email spam detection naive bayes algorithm	DS / ML
65	DeepPose Human Pose Estimation via Deep Neural	ML / IP
66	Breast Cancer Prediction Applying Different	DS / ML
67	Random Forest for Credit Card Fraud Detection	DS / ML
68	Sentiment Analysis in Twitter	DS / ML
69	Lung Cancer Detection USING Deep Learning	DS / ML
70	College feedback system with sentimental analysis	DS / ML
71	Real Time Weapons Detection and Alert System.	ML / IP
72	Augmented Reality approach fro E-Commerce	AI
73	Generating Artificial Faces with DCGANs Dataset	DL / ML / AI

74	Generating Artificial Cartoon using Deep Learning	DL /ML / AI
75	Noise Image Reduction using Machine Learning	AI / ML
76	Image Processing on ISRO LISS IV Satellite Dataset	ML / IP
77	WC-PAD Web Crawling based Phishing Attack Detection	DS / ML
78	Prediction of Hard Disk Drive Failure machine learning	DS / ML
79	Sign Language Detection and convert to English Sentence	ML / IP
80	Real-Time Smart Object Detection using YOLO Algorithm.	ML / IP
81	Local Area Network Chat Bot using AI (Intelligence Chat Bot).	AI / ML
82	Driver Drowsiness & Alert System Using SMS, Gmail & Location	ML / IP
83	Satellite Image Classification and Analysis using Machine Learning.	DS / ML
84	Attendance Management using Face Recognition	ML / IP

	System and generate excel sheet.	
85	Final Year Project, based on the idea of analyzing and predicting cryptocurrency prices.	DS / ML
86	Detecting Fake News over Online Social Media via Domain Reputations and Content Understanding	DS / ML
87	Detection of fake online reviews using semi-supervised and supervised learning	DS / ML
88	An Artificial Intelligence Approach for Predicting Different Types of Stroke	DS / ML
89	Active chat monitoring and suspicious detection over the internet	DS / ML
90	Detection of Brain Tumor in MRI Images, Using Fuzzy C-Means in python	DS / ML / IP

Android

Sr.	Topic	Technology
1.	Blood Bank Management & Donation System	Android / Java
2.	PetCare (Personal pet management & Hospital recommendation system)	Android / Java
3.	Orphanage Donation App	Android / Java
4.	College Recruitment System App with ML	Android / Java / ML
5.	Smart IOT based Waste Classification & Management System	Android / Java / ML / IOT ? Web App
6.	Smart QR Based E-Ration System	Android / Java / Web App
7.	E-Commerce Android Application	Android / Java
8.	Handwriting Recognition App	Android / Java / DL
9.	Cloth Recommendation based on Weather forecast	Android / Java / ML
10.	A Secure double encryption chatting application	Android / Java
11.	A Smart road side assistance app	Android / Java

Electrical / Electronics / IOT (Internet of Things)

Sr.	Topic	Technology
1.	Solar based robot	
2.	Fire fighting robot	
3.	Line followers robot	
4.	Grass cutter robot	
5.	Home cleaning robot	
6.	Bluetooth controller robot	
7.	Home automation system	
8.	Rpm measurements system	
9.	Wireless notice board systems	
10.	Motor speed controller system	
11.	Automatic water pump system	
12.	Automatic traffic control system	
13.	Automatic solar energy tracker	
14.	Smart automatic power saving cooler	

15.	Self working robot using esp controller	
16.	Visitor based power management system	
17.	Biometric Authentication based attendance	
18.	Smart parking space management system	
19.	Motor protection from High voltage protection	
20.	Android based home equipment control system	
21.	IOT based Drowsiness Detection with alert protocol	
22.	Gas Leakage Monitoring over IOT using GSM, GPS, Wifi Module	
23.	Automatic Street Light Control by Detecting Vehicle Movement	
24	ML based ECG Analysis and Monitoring System	IOT/ML
25	Smart Waste Management System	IOT / App / Web

Database (DB) (Java/Python)

Sr.	Topic	Technology
1.	Inventory Control Management System	DB
2.	Student Record Keeping System System	DB
3.	Online Retail Application Database Project	DB
4.	College Management Database Project	DB
5.	Railway System Database Project	DB
6.	Blood Donation System Database Project	DB
7.	Art Gallery Management Database Project	DB
8.	Hotel Management System Database Project	DB
9.	School Management System Database Project	DB
10.	Wholesale Management System	DB
11.	Salary Management System Database Project	DB
12.	Atm Management System Database Project	DB
13.	Hospital Management System Database Project	DB
14.	Library Management System Database Project	DB
15.	Payroll Management System Database Project	DB
16.	Health Care Organization Database Project	DB

17.	Restaurant Management Database Project	DB
18	Property Management System	DB
19	College Enrollment System	DB
20	Medical Store Management System	DB
21	Sales & Inventory Management System	DB
22	Handlook E Commerce Web application	DB

Top Reasons To Select Us

1. OUR FEES STRUCTURE.

- ❖ *Less fees, Best Knowledge.*
- ❖ *We Charge training fees only.*
- ❖ *We do not consider education as a business.*
- ❖ *We charge half of price of Project rather than market.*

2. OUR TRAINING

- ❖ *We create your project in front of you.*
- ❖ *We provide you detailed project description.*
- ❖ *We will teach you the programming language.*
- ❖ *We will teach you how to create your selected project*
- ❖ *We will gives you the hole knowledge of your chosen project programming language.*

3. OUR CONTENT

- ❖ *We will teach you till you get satisfaction.*
- ❖ *We provide you detailed topic description.*
- ❖ *We have discussed with many industry all are working on same Technology.*

4. 100% SATISFACRION

- ❖ Self Confidence comes from satisfaction
- ❖ We believe in making you realised more confident.
- ❖ After completion of training definitely you will able to create your own Project.
- ❖ We will teach you till you get satisfaction. have discussed with many industry all are working on same Technology.
